To Judge Jed S. Rakoff:

Hello Sir: a world of respect always and always I will have into the future. I want to wish you an amazing upcoming holiday. I am forever grateful for you sir, my amazing attorneys Sarah Baumgartel, Ian Marcus Amelkin, Amy Gullicchio and all The Federal Defenders. I have been very productive and at very at Peace with my past. I am forever in regret for my stupidity of my stupid crime. I never thought in million years Politics was so dangerous and people could get so out of themselves and attack me act they way they did with Politics. I never in my life see people flat out dislike a person or anyone who supported Donald Trump, as they did when I displayed Trump stickers on my Van. Which I thought was funny at first and could not believe how people acted passionate about Politics and acted. So people that hated Trump. I did something so stupid and added more stickers on my Van. They got more upset when I laughed and continued to attack me more. It drove me to vote and interest about Politics except for when, I had to pay penalties for Obama Care. It was unfair many are exempt in Congress and the Senate. I have learned 100% to stay clear of toxic people and negative issues and situation especially Politics. Which I should never had been involved in. I never thought the name Trump on my Van would result in attacks on myself, the damage to my Van, Property and myself. At first it started as joking, because people were reacting to stickers on my Van. I never seen people to react attack me as they did. Where I had to file police reports for over 4 years to detective Sanks at Hallandale Police in Hallandale Fla. Nothing was done and my stupidity preception my steroid consumption and other substances. my solution not thinking sending from my Chippendale Stage Skits from my Male Dabce Show a Crude Counterfeit, non Engergenic, non toxic, non explosive stage Props as stated in CSI Forensic Lab Report in Forsensics you have to be Exact Science. You cant be Hypothetical and you can not assume something. The Devices Stage Props were not

any form of a Explosive device, as it Stated on the report the 16 Devices were not Explosive Devices. The media pushed the case into a Hollywood Production for ratings. and drove a false fairy tail narrative. At Best it was nothing more than a Crude Counterfeit at worse a threat. There was never any intent ever to harm anyone ever. It was for view only. I did not think I would ever get in trouble as I did for a Stage Prop from my Chippendale Male Dance Show Elliot Nest FBI Untouchable Stage Skit. I am very Pro Life and never in the history of my life all the money stolen from me, stolen property, Damage to my personal property and items' dear to me under the worst circumstances. I would ever be hostile or put anyone in harms way ever. I would always take the high road and walk away. I am put my faith in Gods hands Roman Catholic and very Pro Life. It is not in me confrontation. I love all people even the ones who attack me. All it was to make people stop for view only at worse scare. my preception and solution was a wrong choice was beyond stupid and yes horrific. All I wanted was to stop hostility and toxic culture of Politics. I should have never been in the middle of the hostile environment. When I should have took the high road. It was beyond stupid not thinking, but never once to ever put anyone in harms way. I have learned every day was beyond wrong to even scare anyone and not think how people would percieve my stupid crime. The Stage props from my Chippendale Male Dance Show Crude Counterfeit own energenic would ever be percieved as it was the media Holly wood production they pushed. I am very disappointed in myself and not walk away from being in the middle of Politics of all things. I had never been before. My stupidity cost me alot my years which are very valuable at age 56 when I was arrested in Oct 2018 now 59. I have lose time from my family my love of my life mom, and get married have 2 kids and my ~~Grandparents~~ giving my mom grand kids 2 miracles to the world Vivida and Little Cesar. Plus I lost my jobs alot of money buy home and family, sisters. Plus my stupidity of my stupid crime. I should never had been involved in Poisonous Politics. Never ever again ever to be near any crime not even a parking lot or spit on side walk. I am

I do deserve time 60 months is a threat, I understand it was political. As I seen in my attorney's Sentencing report. There was over 72 cases. 60 months was longest sentence. 10 years is a long time in prison. But ~~240~~ 40 months is a lot of time. If you could please consider 121 months my attorney's Federal Defenders proposed at sentencing. The Crude Counterfeit, non Energenic as stated 16 Device were not a Explosive Device. I recieved alot of time for a threat Crude Counterfeit for view only. The intent was never to Harm or put anyone ever in harms way.
